Sorry. I think it had to do with the time zones. I looked at my calendar while I was in a different time zone and it said 1:30. I'll call in again later. M

For those of you attending the conference, we will be meeting at 2:30 on 4/17 in Room 1721 (17th floor). It would be helpful to get a count of the number of people who will be here in person as soon as possible so I can make sure the room is large enough.

For those of you who will be participating on the phone, the call-in number is:

866-299-3188
Conference Code: 2126373938#

I will see you on the 17th.

Sharon: It looks like the 17th at 2:30 is the only open window for the majority of PRP representatives. Please schedule the meeting. Kevin.

The emails were probably just too large, I got them from others via drop box and now have the hard copies from the old firm.

We are in the process of picking a date and someone will get back to you, but I wanted to reply before the 2nd as I will be away.

Enjoy the Holiday.

Sorry about the mix-up on the mailings. Not sure what happened with the emails though because I was replying to your emails.

Please work with the group to arrive at a mutually agreed upon day/time amongst the

days/times I gave you.

Sharon,

Good morning and thank you for this explanation of the EPA's position on timing, etc.

On behalf of our clients, Tishcon and the Patel Trust, we hereby request a conference and are available April 17, preferably in the late morning or afternoon.

The hard copies of the materials were sent to my prior firm, if you would be so kind as to change the regular mailing list in addition to the email list, it would be helpful.

Thank you.

Phillip

A number of you have written with questions regarding the request for a conference, the notice of intent to comply, and the submission of written comments. EPA's position is as follows:

- We will be holding one conference. Any party that wishes to attend the conference should do so. Respondents and/or their attorneys are not required to attend the conference. Pursuant to Paragraph 46 of the Order, you need to notify me of your request to attend the conference within 10 days of the date the Order was signed or

nd

th

by April 2 (since the 10 day is a Sunday).

- EPA is available for a conference on **April 9th, April 16th in the afternoon, or April 17th**. Please get together with the other parties wishing a conference and let me know which day works for you collectively and also propose a time on the day you request. You may participate by phone if that is necessary. You must provide me with this information by no later than April 2nd.
- In accordance with Paragraph 46 of the Order, you may submit written comments in lieu of attending the conference. Notice of your intent to submit such comments is due by April 2nd (Paragraph 46) and the comments are to be submitted by April 6th (Paragraph 47).
- If you attend the conference, you may also submit written comments within 5 days after the conference. (Paragraph 47)
- The Order will have only one Effective Date. The Order will be effective 10 days after the Order was signed (April 2nd since the 10th day is a Sunday) or, if a conference is requested or written comments are submitted in lieu of a conference, than no sooner than 10 days after the conference or the submittal of written comments in lieu of a conference(Paragraph 48) EPA will notify you when the Order is effective.
- You are required to submit a notice of intent to comply within 3 days of the Effective Date of the Order.
- Since there will be only one Effective Date for the Order, all notices of intent to comply will be due 3 days after the Effective Date whether or not an individual Respondent requested a conference or notified me that it will be submitting comments. You are certainly free to submit your notice of intent to comply in advance.

I hope this answers your questions. I will be in all-day training on Wednesday and Thursday and out for the holiday on Friday. I will be checking email and voicemail periodically throughout the day on Wednesday and Thursday.
